PROFESSIONAL SUMMARY

Detail-oriented and motivated pharmacy graduate with a strong interest in Regulatory Affairs and pharmaceutical labeling. Skilled in documentation, data management, and maintaining accuracy in compliance-related activities. Possesses excellent organizational, communication, and teamwork abilities with a commitment to supporting regulatory submissions, labeling updates, and quality standards. Quick learner with a positive attitude and eagerness to contribute to regulatory operations in the pharmaceutical industry.

EDUCATION

The Tamilnadu Dr.M.G.R University 2018 - 2023
Bachelor of Pharmacy

EXPERIENCE

VELAIAH PHARMACY 2024 - 2026

- Monitored patient medication usage and identified potential adverse drug reactions (ADRs).
- Assisted in the collection, documentation, and reporting of drug safety information.
- Reviewed prescriptions for accuracy, appropriateness, and potential drug interactions.
- Provided medication counseling to patients regarding safe and effective drug use.
- Maintained accurate pharmaceutical records and ensured compliance with regulatory requirements.
- Participated in medication error identification and reporting activities.
- Evaluated medication-related complaints and escalated safety concerns when required.
- Supported pharmacovigilance and drug safety awareness initiatives within the healthcare setting.
- Ensured adherence to Standard Operating Procedures (SOPs) and Good Pharmacy Practices.

HOSPITAL TRAINING

- Observed and assisted in dispensing medications under the supervision of a registered pharmacist
- Reviewed prescriptions for accuracy, including dosage, frequency, and potential drug interactions
- Gained exposure to inpatient and outpatient pharmacy operations
- Assisted in maintaining patient medication records and prescription documentation
- Observed patient counselling on medication usage, adherence, and side effects
- Learned proper storage, handling, and inventory management of medicines
- Followed hospital protocols and standard operating procedures (SOPs) for safe pharmacy practice

PROJECT

This project focused on the development and evaluation of a herbal ointment using Azadirachta indica (Neem) bark, known for its potent antifungal and antimicrobial properties. The objective of the study was to explore plant-based alternatives to synthetic antifungal agents, aiming to provide a safer, cost-effective, and sustainable therapeutic option. Neem bark extract was selected due to its rich composition of bioactive compounds such as nimbidin, azadirachtin, and flavonoids, which exhibit significant antifungal activity.

TECHNICAL & DOMAIN SKILLS

- Microsoft Excel
- Data Analysis
- Power BI
- Tableau
- Medical Terminology
- Pharmaceutical Industry Knowledge
- Regulatory Compliance

SOFT SKILLS

- Analytical Thinking
- Logical Reasoning
- Attention to Detail
- Problem Solving
- Communication Skills
- Proofreading & Editing

AREA OF INTEREST

- Regulatory Affairs
- Clinical Trial Communication
- Healthcare Market Research
- Data Analytics
- Business Intelligence
- Research Coordination
- Healthcare Consulting
- Pharmaceutical Market Analysis
